Unclaimed Funds Accounts

Sheryl Maxfield, Director of the Ohio Department of Commerce:

\$3.9 billion is being safeguarded by the Ohio Division of Unclaimed Funds and is available to be claimed by the rightful owner! You may have some funds that belong to you and not even realize it. Take a few minutes and review this insert to find out if you or someone you know has unclaimed funds or property.

What are unclaimed funds?

Lost or forgotten money that businesses and banks report to us after accounts become inactive (usually five years) and they are unable to locate the owner of the funds.

The most common types of unclaimed funds turned over to the Division of Unclaimed Funds include:

- Checking and Savings Accounts
- Safe Deposit Box Items
- Rent/Security Deposits
- Stock and Bonds
- Uncashed Payroll Checks
- Utility Deposits
- Undelivered Stock Certificates
- Uncashed Insurance Policies Checks

Check to see if your name, as well as a family or friends' names, appear on this year's provided list.

Unclaimed safe deposit box items are listed first in alphabetical order. All other unclaimed funds names are listed by name under the hometown of the last-known address reported to the division for claims of \$50 or more.
